

417th Base Support Battalion *Commander's Policy*

Policy Number: 1-5	Proponent: AETV-WG-W	Date: 25 March 2004
SUBJECT: Community Supervision Program		

1. **REFERENCE:** AE Regulation 27-9, 9 May 2003, Misconduct by Civilians.

2. **PURPOSE:** To outline policy for juvenile second offenders.

3. **SCOPE:** This policy applies to soldiers and civilians with family members.

4. **POLICY:**

a. Juveniles who are repeat offenders will be enrolled in a community supervision program. Community supervision programs offer an effective way to determine whether or not an offender is willing to be a responsible community member. Community supervision programs will be tailored to the offense and to the offender. Examples include but are not limited to requiring the offender to:

(1) Periodically report personally to a community supervision officer and receive periodic home visits from a community supervision officer.

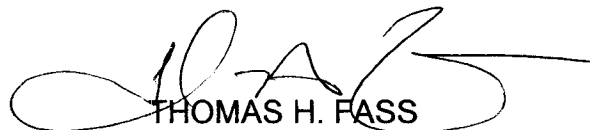

(2) Remain at home during specified hours of the day.

(3) Perform voluntary services in the community.

(4) Make payments to or perform services for victims affected by the misconduct to reimburse for damage or loss.

b. Enrollment in a community supervision program will be offered in lieu of an adverse administrative action. Enrollment will be voluntary, however, I will consider failure to consent to or unsatisfactory participation in a program as reason to proceed with the original adverse administrative action, such as a bar from installations or early return of dependents

5. **PROPONENT:** 417th BSB, Assistant Civilian Misconduct Action Authority, DSN 355-8920.

THOMAS H. FASS
